

SINCE 2005

# R&D MANUFACTURER OF TAPS & CUTTING TOOLS

★From production and manufacturing  
to regrinding —a one-stop service

Founded in 2005, Y.S.G. upholds the philosophy of  
“Quality First, Pursuit of Excellence, and Exceptional  
Service.” We specialize in the R&D and manufacturing  
of special-specification and standard screw taps, as well  
as customized cutting tools, dedicated to meeting  
customer needs and creating win-win partnerships.

## MAIN PRODUCTS

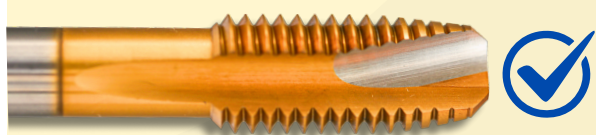

- ✓ Pointed Taps, Nut Taps, Spiral Fluted Taps, Hand Taps, Serrated Thread Taps, Thread Plug Gauges
- ✓ Customized thread design and R&D
- ✓ Sales and customization of cutting tools

Damaged threads cannot be used.

Regrinding restores cutting performance.

## TAPS REGENERATION GRINDING

With nearly 20 years of regrinding experience and proprietary technology, we restore the cutting performance of used thread taps, ensuring consistent, long-term productivity for our customers.

- ✓ Maintain tool accuracy
- ✓ Extend tool life
- ✓ Lower machining costs
- ✓ Eco-friendly & low-carbon
