

Registration of eTickets – step-by-step instructions for EMO 2023

To generate an admission ticket from an eticket code, an online registration is necessary. The following steps explain how to register your ticket.

If you have received an invitation with a registration link, please skip directly to step 2.

Example for a registration link:

<https://visitors.emo-hannover.de/en/application/registration/direct-entry-tickets-passes?code=XXXXX>

Step 1: Click on "**Get your Ticket now**" at

<https://visitors.emo-hannover.de/en/for-visitors/tickets/index-2>

The screenshot shows a web browser window with the URL <https://visitors.emo-hannover.de/en/for-visitors/tickets/index-2>. The page header includes the date "18 - 23 September 2023 in Hannover" and the EMO Hannover logo. The main content area is titled "Tickets" and is divided into two columns. The left column, titled "Buy your Ticket", contains the text "In our ticket shop you can buy your ticket conveniently and in good time online." and a "Ticket Shop" button. The right column, titled "Activate your Ticket", contains the text "You have been invited with a ticket code and would like to personalize and activate your ticket?" and a "Get your Ticket now" button, which is highlighted with a yellow oval.

Step 2: Start your ticket personalization by entering your **e-mail address** and your personal **registration code**. Click on "**I'm not a robot**" and confirm with "**Start now**".

Password (Confirmation)*
●●●●●●●●

Already registered under this e-mail address?

If you have already registered for another Deutsche Messe event, you can already log in using the same e-mail and password used for that event. If you have forgotten your password, you can request a new password.

Invalid e-mail format?

For data security reasons, we strongly urge you to not use any generic e-mail addresses such as "info@..." or "sales@...". Only an e-mail address for you, personally, can ensure the confidentiality of your login, your online account and any messages or e-tickets e-mailed to you by our system.

Password requirements

The password must consist of at least 8 characters.

For your password please use any combination of:
 Lower case letters (a - z)
 Upper case letters (A - Z)
 Digits (0 - 9)

Please note that only the following special characters may be used:
 !@#\$%^&*()_+~`-#<>|:;.,/
