AI-POWERED SUSTAINABLE MANUFACTURING

MARCH 25th - 28th, 2026
TICEC, Taichung, Taiwan

WWW.TMTS.TW

1 | OBJECTIVES

To promote Taiwan's machine tool industry, showcase technology and capabilities, and facilitate international cooperation through the participation of companies and professional buyers from various countries in the exhibition to expand international market influence and opportunities. The Taiwan International Machine Tool Show (TMTS) provides a platform for industry exchange, allowing exhibitors, visitors, and professionals to communicate and cooperate at the show, thereby promoting the development of the entire industry.

5 | THEME

Building on TMTS2024 successful focus on digital and green transformation, TMTS2026 theme "AI-Powered Sustainable Manufacturing" spotlights the integration of AI into production processes and efficiency optimization for sustainable smart manufacturing. Featuring 10 key elements, we encourage exhibitors to showcase products and technologies aligned with these core themes, demonstrating Taiwan's machine tool industry's ongoing commitment to technological innovation and competitive transformation:

(1) DX, DIGITAL TRANSFORMATION

DX

- 1. AI-Empowered Manufacturing**
Using AI technology to improve productivity and optimize production processes.
- 2. AIoT**
AIoT enables remote monitoring and predictive maintenance of equipment.
- 3. HRC (Human-Robot Collaboration)**
Integrate AI and IoT technologies to transform the factors of production, such as man, machine, material, method, and environments, into data resources.
- 4. Digital Twin**
The digital twin simulation process optimizes production parameters and reduces errors and downtime.
- 5. Big Data**
Multiple parties use Big Data for predictive maintenance and quality control and optimize marketing strategies.

(2) GX, GREEN TRANSFORMATION

GX

- 1. Energy Efficiency**
Reducing energy consumption and improving energy efficiency of machine tools.
- 2. Resource Efficiency**
Optimize the allocation of resources in the production and consumption process and make efficient use of resources, including raw materials, water and energy.
- 3. Environmental Certification**
Obtained environmental certification to enhance corporate image and market competitiveness.
- 4. Low Carbon Supply Chain**
A low-carbon transformation through upstream and downstream collaboration to reduce carbon emissions in the supply chain.
- 5. Sustainable Product Design**
Design products in line with the concept of sustainable development.

6 | EXHIBIT PROFILE

- (1) **Metal Cutting Machines**
machining center, turning machining center, 5-axial machining center, 5-face machining center, multi-task machining center, CNC tapping center, bridge type machining center, EDM, lathe, milling machine, grinding machine, drilling machine, sawing machine, gear cutting machine, boring machine, planing machine, laser and water jet cutting machine, ultrasonic machine, etc.
- (2) **Metal Forming Machines**
pressing machine, shearing machine, bending machine, tube and wire processing machine, forging machine, etc.
- (3) **Machine Tool Accessories, Components and Parts, Hydraulic and Pneumatic Components, Electrical Control and Drive System.**
- (4) **Cutting Tools, Tool Holding and Work Holding Devices, Tools, Measuring Systems and Quality Assurance.**
- (5) **Smart Manufacturing System**
FMC, FMS, CIM, additive manufacturing, industrial robots, CNC controller and related software (CAD/ CAM etc.)
- (6) **Other Associated Machinery and Equipment, Raw Materials, Technologies and Publications.**

7 | PARTICIPATION NOTES

- (1) **Domestic Exhibitors:**
Exhibitor must be a registered company in Taiwan, and import/export the products shown as above.
- (2) **Overseas Exhibitors:**
Every international company, except from government restricted import area, is welcome to participate either by direct application or through Taiwan agent or distributor.
- (3) **Additional Considerations:**

1. Exhibitors are not allowed to change the name of registration. Any violation of this rule will result in the immediate suspension of the exhibitor's exhibition and the rejection of the exhibitor's application to participate in the next edition of the exhibition.

2. Exhibitors are not allowed to transfer their booths privately. If they violate the rules, the exhibition will be stopped immediately and the fees paid will not be refunded, and they will be refused to apply for the next exhibition.

3. We welcome exhibitors from all over the world to participate in this exhibition. However, products from regions where the government restricts imports, products that are prohibited by the government and products that are restricted by the show organizer are not permitted to be exhibited at this show.

4. False origin marking, trademark counterfeiting and patent infringement are not allowed at the showground.

5. The organizer has the right to refuse any company or product inconsistent with the theme of the show.

TERMS AND REGULATIONS FOR PARTICIPATION

1. Exhibitors who have completed the application process are deemed to have fully read and understood the exhibition information and these rules and regulations and agree to comply with them unconditionally and authorize the organizer to use the information provided by them to make the Official Directory.
2. The exhibitor agrees that the organizer reserves the right to determine, interpret and enforce whether the actions of the exhibitors during the exhibition comply with or violate these Regulations.
3. The organizer has the right to refuse the participation of outside competitor shows or related exhibition organizers (including subsidiaries or agents or related enterprises). If there is any application under false pretenses, the exhibitor will be suspended immediately and the fees charged will not be refunded. The circumstances specified in this Article shall be recognized, interpreted and enforced by the organizer and shall not be subject to dispute.
4. The organizer has the right to plan the floor area and the approved number of booths for exhibitors based on the types of products to be exhibited, the actual registration situation and the demand for booths; at the same time, it reserves the right to decide whether to accept applications for participation, adjust the exhibit area and the approved number of booths based on the nature of the products to be exhibited and the records of the exhibitors' previous participation in the professional exhibitions in Taiwan or the domestic and international promotional activities organized by the organizer.
5. The space-only rental does not include carpets and system partitions and exhibitors are required to set up their own basic decorations, including carpets, system partitions and company signboards. Direct use of open space stalls for display is not permitted.
6. The organizer shall publish exhibition information and these Regulations on the exhibition website "https://www.tmts.tw" for the exhibitors to read and refer to. The exhibitor may not claim ignorance of the show's rules and regulations, instructions or any other reason for not being bound by these Regulations and terms and conditions.
7. Exhibitors who need to replenish their exhibits are permitted to do so for 1 hour prior to the opening of the exhibition each day.
8. Before entering the exhibition hall to decorate the booth, exhibitors should fill out and submit the decoration declaration letter, application for utility needs and other related documents within the deadline specified by the organizer. Otherwise, if it affects the decoration operations and the rights of the exhibitors, the exhibitor shall be fully responsible.
9. If exhibitors are unwilling to allow visitors to take photos or video recordings of their products, exhibitors should put up "Do Not Take Photos" or "Do Not Record" signs in English and Chinese on their own. However, exhibitors should cooperate with journalists and authorized photographers holding press badges (PRESS) issued by the organizer to facilitate relevant promotion work.
10. Exhibitors should obtain identification cards from the organizer at the designated place when the exhibited products enter the exhibition site and must wear them during the exhibition (one card per person).
11. During the exhibition period, unless otherwise specified, no one under 12 years of age is allowed to enter the exhibition hall in order to maintain safety and order.
12. During the exhibition period, the management staff of the organizer is responsible for controlling the entrance and exit of the exhibition venue and maintaining public order. However, the exhibitors should dispatch their own staff to take care of their products, decoration materials and engineering facilities and should insure their valuable exhibits and may hire security guards to enhance security. The organizer shall not be liable for any loss of property during the above-mentioned period.
13. From the time the exhibited products and decorations are delivered to the exhibition venue to the time they are removed from the exhibition venue at the end of the exhibition period, the exhibitors should take out their own insurance against fire, theft, water damage and public accident (including additional insurance against natural disasters such as typhoons, earthquake, flood, heavy rain and other natural disasters). The organizer shall not be liable for any loss or damage of any exhibited products and decorations at the exhibition venue during the above period.
14. If any of the following circumstances are deemed true by the organizer and the Organizer's request for improvement is unsuccessful, the organizer may disqualify the exhibitor, suspend the exhibit or stop the supply of water or electricity and the fees received will not be refunded. The exhibitor shall not be allowed to participate in the exhibition organized by the organizer for at least 2 years and all of the exhibitors past records of participation in the exhibition shall be nullified. If the organizer is involved in a lawsuit or suffers damages as a result, the exhibitor shall be liable for compensation (including but not limited to attorney's fees, judges' fees, etc.) and shall not dispute such claims:
 - (1) Exhibiting with false documents or information or using someone else's name.
 - (2) If the product catalog provided during the application does not match the application information or the entity.
 - (3) Exhibit fees are not paid in full 10 days prior to the start of the exhibition.
 - (4) Refusal or termination of authorization for the organizer to use the information provided by the organizer to print the exhibitors' catalogs.
 - (5) Bringing explosive, flammable or other dangerous goods or prohibited items into the exhibition venue.
 - (6) The booths rented by the exhibitor are nearly empty or no employee or user is present during the exhibition period.
 - (7) The exhibited products are sold, displayed or advertised in such a way as to infringe upon the intellectual property rights of others.
 - (8) The exhibited products or display methods violate the Civil Code, the Consumer Protection Act, the Fair Trade Act, the Commodity Labeling Act, the Commodity Inspection Act, the Act Governing Food Safety and Sanitation and other related laws and regulations.
 - (9) If the exhibited products or display methods may be harmful to public order or good morals.
 - (10) A third party submits a settlement, civil judgment or criminal judgment (whether or not the judgment is established or not) to the organizer to prove that the exhibited products infringe on their rights.
 - (11) The signage and decoration of the booth do not match the information of the company listed on the application form in English and Chinese.
 - (12) The exhibitor sublets or transfers the booth or participates in the exhibition under a name other than that of the registered company (including the name of the sponsoring company, affiliated company (sub-parent company), third-party branch or subsidiary of the original registered company, etc.).
 - (13) The exhibited products are manufactured, produced or sold in areas or regions where importation is restricted by the Taiwanese government, or are prohibited by the laws of Taiwan.
 - (14) The exhibited products do not conform to the theme of the exhibition.
 - (15) Retail sales in the exhibition area.
 - (16) Direct use of vacant booths for exhibition.
 - (17) Setting up stage sound equipment, hanging balloons or erecting buildings or decorations over 4 meters without obtaining prior approval from the organizer.
 - (18) Creating noise of 85 decibels or more during the exhibition.
 - (19) Smoke, exhaust, dust, odor, irritating gas and volatile organic chemical solvent pollutants are generated by demonstrations and operation of exhibited products and are not properly treated by the exhibitor's own pollution treatment equipment or immediately, which affects nearby booths and on-site exhibits.
 - (20) Music, images, pictures or related materials played in public during the exhibition may infringe on intellectual property rights.
 - (21) Displaying exhibited products or posting or distributing any promotional materials or information in areas other than booths, such as public facilities, aisles or on walls.
 - (22) Engage in promotional activities or place company or personal items in public areas.
 - (23) Disrupting the order or image of the exhibition by causing a disturbance or protest at the booth or inside or outside the exhibition venue due to personal disputes.
 - (24) Injury, death or property damage to staff, management of the organizer or third parties due to improper installation, operation, maintenance or negligence during the exhibition period (including entry and exit) of the facilities, articles and exhibited products.
 - (25) Packing up of exhibits, evacuation of exhibits from the venue or similar acts prior to the approved timeframe.
 - (26) Fire caused by improper design, construction or use of electrical appliances at the booth.
 - (27) Leaving exhibits or personal belongings behind after the show.
15. If an exhibitor needs to set up stage audio equipment or balloons or set up a building or decoration over 4 meters, the applicant must submit an application to the organizer in advance and obtain approval before setting up (please refer to the relevant regulations in the exhibitor's manual). If the application is not approved, it must be dismantled or applied for make-up application immediately upon detection by the management of the organizer and the organizer is not responsible for compensation.
 - (1) For the make-up application, a penalty fine of NT\$10,000 to NT\$30,000 shall apply.
 - (2) Those who pay outside of the application deadline will be required to pay an additional fee of NT\$10,000.
 - (3) Applicants who apply during the exhibition period are required to pay an additional fee of NT\$30,000.
16. After the exhibition, all products are exhibited and personal belongings should be removed from the exhibition hall and emptied at the time of exit. The organizer will not be responsible for the storage of the exhibits. If any exhibits or personal items are found after the exhibition, they will be treated as waste and removed by the cleaning company at the responsible exhibitor's expense.
17. The organizer reserves the right to change the date, location and cancel the exhibition. If the date, location or exhibition is changed due to natural disasters, infectious diseases (e.g. COVID-19) or other force majeure factors, the organizer will deduct the costs and necessary expenses (including but not limited to the amount paid by the organizer to the venue and cannot be recovered). The organizer will refund the remaining balance of the exhibition fees (including but not limited to the amount paid by the organizer to suppliers and which cannot be recovered) to the exhibitor without interest but will not be liable for other damages.
18. The organizer will take all necessary measures to prevent epidemics in order to hold the exhibition successfully. The exhibitor understands and agrees that the exhibitor should make every effort to cooperate with the organizer in the prevention of epidemics, and the exhibitor should bear the risk of epidemics or quarantine expenses. Therefore, if a dispute arises, the exhibitor shall not make any claims against the organizer, including civil, criminal or administrative claims.
19. If an exhibitor wishes to withdraw from the exhibition for reasons other than those attributable to the organizer, the deposit paid for the exhibition will not be refunded. If the exhibitor withdraws from the exhibition after the booth has been allocated, the exhibit and rental fee paid will not be refunded.
20. The organizer may revise these regulations from time to time for any matters that are not already covered.
